Dear Brian

Re: 2010 GCSE Results

Many congratulations on your excellent 2010 GCSE results. An increase of 7.3% to 80.3% for your % 5+ A-Cs from last year is very impressive. Your increase of 13.2% to 47.2% for your % 5+ A-C (En and Ma) from last year is fantastic and the school should be commended for such outstanding results.

The school exceeded its 5+ A-C FFT'D' estimate by 14.5% and its 5+ A-C (En and Ma) FFT'D' estimate by 6.8%. The APS of 483 for the 198 pupils was an increase of 55.4 per pupil from last year and exceeded the FFT'D' target by 62. These are very impressive results.

The results are due to a whole team effort, ably led from the Senior Leadership Team. The school should be very proud of its achievements and please pass on my congratulations to all the staff.

Yours sincerely

Mark Parkinson
Head of Branch – Learning & Achievement
